SUBJECT INDEX

A

Abscess, renal cortical (case report), 646
Acetazolamide and staghorn calculi (case report), 329
Acetosalicylic acid, use in oestrogen therapy for prostatic cancer, 512
Acidosis, renal tubular *see* Renal tubular acidosis
Acute tubular necrosis (ATN) in transplant patients, renography in differential diagnosis, 594
Adenocarcinoma, in substitution caecocystoplasty (case report), 649
Adenosine triphosphate (ATPase) enzyme activity of spermatozoa from oligoasthenozoospermic males, effect of spermine, spermidine and kallikrein, 84
Adrenal tumours, non-functioning, 462
Adrenoreceptors, prostatic, characterisation using pharmacology receptor binding and localisation, 487
Adriamycin and radiotherapy in treatment of locally advanced bladder cancer, 64
AIDS, contamination risk in urological surgery, 565
Aminoglutethimide *see* Glutethimide
Androgen receptor status in prostate disease, 627
effect on hormone therapy, 627
Angiosarcoma of penis (case report), 440
Antibiotics in treatment of chronic prostatitis, effect on bacterial flora, 503
Appendicovesical fistula presenting as urethral stricture (case report), 325
Appendix
autotransplantation following ureteroscopic damage to right ureter (case report), 216
mucocele, haematuria due to (case report), 218
Artificial urinary sphincter, urethral salvage following erosion of cuff in female patients (point of technique), 556
Atropine, effect on motor activity of continent caecal reservoir for urine, 375
Azoospermia and infertility, 423

B

Bacille Calmette-Guérin (BCG) in treatment of bladder cancer
HLA-DR expression, 264
in situ carcinoma, 259
superficial tumours, 610
Balanitis, 196
BCG *see* Bacille Calmette-Guérin
Benzodiazepine, peripheral-type binding sites in renal carcinoma, 124
Bilharziasis, ureteric, nephrostomy and total ileal replacement of both ureters, 453
Bladder
cancer/carcinoma
adjuvant laser treatment, 476
BCG treatment, 259, 264, 610
bladder replacement after cystoprostato-vesiculectomy, 36
bladder replacement with ileal low pressure substitute, 43
CA-50 as tumour marker, 616
HLA-DR expression in BCG therapy, 264
invasive, prognostic factors and results of radiotherapy with and without cystectomy, 251
linitis plastica-like, 479
radiotherapy with and without cystectomy, 251
squamous cell carcinoma associated with hypercalcaemia, spontaneous perforation (case report), 647
staging, using intravesical echography combined with double-surface coil magnetic resonance imaging, 469
superficial, recurrence after instillation of Mitomycin-C, 176
transitional cell, blood group antigen expression in frozen sections, 171
transitional cell, combination chemotherapy, 68
transitional cell, concurrent adriamycin and radiotherapy, 64
foreign bodies, self-insertion (case report), 328
function after spinal cord injury, relationship of conus reflexes to, 24
haemangiopericytoma (case report), 548
histological changes secondary to urethral catheterisation, 354
Hodgkin's disease (case report), 438
ileocaecal replacement, lack of effect of cholinergic and alpha- adrenergic stimulation on nocturnal incontinence, 379
neuropathic, poor compliance early in filling, 28
outflow obstruction, "plain film" bladder shadow in, 363
replacement after cystoprostato-vesiculectomy, evaluation of ileocaeco- urethrostomy and ileo-urethrostomy with reservoir, 36
replacement with ileal low pressure substitute, 43
Stamey procedure for bladder neck suspension
assessment of results, 21
modified, 157
prospective study of 40 patients, 162
unstable, terodiline treatment in children, 358
volume assessment by transvaginal ultrasound, 149
Bone marrow scintigraphy in prostatic cancer, 497
Bonney's blue cystitis, 281

C

CA-50 monoclonal antibody as tumour marker in transitional bladder carcinoma, 616
Caecocystoplasty, substitution, adenocarcinoma in, 649
Calcium oxalate crystallisation, effect of glycosaminoglycans on, 584
Calculi *see* Stones
Carcinoma *see specific sites and types of carcinoma*
Catherisation, suprapubic (point of technique), 443
Catheters
  urethral, and histological changes in urinary bladder, 354
  urinary
    biocompatibility of, 367
    complement activation by, 367
    volatile N-nitrosamines in, 72
Choriogonadotrophin, human *see* Human choriogonadotrophin
Chylothorax due to metastatic prostatic carcinoma (case report), 325
Chyluria, congenital pyelolymphatic fistula and (case report), 550
Coal tar ointment and scrotal carcinoma (case report), 211
Colic, renal and ureteric, efficacy and tolerance of Voltaren and Ketogan, 4
Colposuspension
  Burch operation, modified, urodynamic effect, 398
  post-operative assessment using vaginal endosonography, 295
Computers, in history taking and disease management, 117
'Correctaid" device in management of impotence, 546
Cromakalim, effects on detrusor muscle, 284
Cystectomy, radical, risk of, 483
Cystitis
  Bonney's blue, 281
  emphysematous (case report), 644
  interstitial
    autoimmune disorder and, 58
    scanning electron microscopic findings, 270
Cystoplasty, metabolic complications, 165
Cystostomies, continent, invaginated sleeve technique, 276
Cysts
  epidermoid, of testis (case report), 324
  lymphatic, of penis (case report), 329
  retrovesical echinococcal (case report), 211

D

DDAVP therapy in primary nocturnal enuresis, assessment of safety, 352
Deaver retractor, use in elevation of vagina during colposuspension, (point of technique), 220
Detrusor muscle
  density of cholinergic and adrenergic receptors in normal and hyper- reflexic detrusor, 32
  effects of cromakalim on, 284
Diet and stone formation, 348, 575
Disc, prolapsed, ureteric injury during laminectomy (case report), 552
Drainage systems, evaluation of retrograde contamination guard, 384
Duodenal obstruction due to metastatic teratoma, reversal by combination chemotherapy (case report), 442
Duplex scanning in suspected vasculogenic impotence, 432

E

Echography, intravesical, in staging of bladder tumours, 469
Ejaculation, retrograde, treatment with artificial insemination, 198
Endosonography, in post-operative assessment of colposuspension, 295
Enuresis, primary nocturnal, safety of regular VP therapy, 352
Epididymitis, acute, microbiological and ultrasonographic study, 90
Epididymo-orchitis and brucellosis, 87
Erection
  venous return in, effect of phentolamine, 95
  see also Priapism
Ethinyloestradiol in treatment of prostatic carcinoma, dosage, 76
Extracorporeal shockwave lithotripsy, prophylactic antibiotics in, 449

F

Fistulae
  appendicovesical, presenting as urethral stricture (case report), 325
  pyelolymphatic, chyluria and (case report), 550
  retrovesical (case report), 440
  urethrovaginal, treatment (point of technique), 555
Flow meters, assessment of accuracy and reliability, 460
Foreign bodies in bladder, self-insertion (case report), 328
Fosfestrol-induced porphyria cutanea tarda (case report), 648

G

Glutethemide, in combination therapy for prostate cancer, 634
Glycosaminoglycans, effect on crystallisation of calcium oxalate, 584
Gynaecomastia and occult Leydig cell tumours of testis, 420

H

Haemangiopericytoma of bladder (case report), 548
Haematoma calcification in renal pelvis (case report), 98
Hodgkin's disease of urinary bladder (case report), 438
Human choriogonadotrophin (HCG), serum levels in seminoma, 408
Hydatid disease
  renal, importance of pre-operative diagnosis (case report), 100
  retrovesical echinococcal cyst (case report), 211
Hydrocortisone, in combination therapy for prostate cancer, 634
Hydronephrosis, diagnosis, management and outcome, 569
Hypercalcaemia, spontaneous perforation of associated squamous cell bladder carcinoma (case report), 647
Hyperthermia in combination with interferons, for treatment of renal carcinoma, 227
Hypospadias
  distal, long-term follow-up of MAGPI operation, 320
  one-stage repair using split preputial flaps, 401

I

Ileo-urethrostomy with reservoir, bladder replacement by, 32
Ileocaeco-urethrostomy, bladder replacement by, 32
Impotence "Correctaid" device in management of, 546
  pharmacocavernometry: a modified papverine test, 539
  responses of erectile tissue to pharmacological agents, 428
  vasculogenic, duplex scanning in assessment, 432
Incontinence
  female
    assessment of severity, 14

Incontinence (*continued*)
investigation by transrectal ultrasound, 605
stress, Stamey bladder neck suspension, 21, 157, 162
transvesical phenol injection of pelvic nerve plexuses in refractory urge incontinence, 465
nocturnal, after ileocaecal bladder replacement, lack of effect of cholinergic blocking and alpha-adrenergic stimulation, 379
urge, terodiline treatment in children, 358
Indonesia, urological malignancy in, 1
Infertility, male, azoospermia and, 423
Insemination, artificial, in treatment of retrograde ejaculation, 198
Interferon, alpha-interferon in treatment of metastatic renal carcinoma, 124
Interferons, in combination with hyperthermia, for treatment of renal carcinoma, 227

J

Jogger's phimosis (case report), 549

K

Kallikrein, effect on ATPase enzyme activity of spermatozoa in males with oligoasthenozoospermia, 84
Kaposi's sarcoma of penis (case report), 645
Ketogan, in treatment of renal and ureteric colic, 4
Kidneys
autotransplantation with direct pyelocystostomy, renal function after, 233
carcinoma
absence of peripheral-type benzodiazepine binding sites, 124
autoimmune thrombocytopenia in (case report), 212
diagnoses missed by urography, 457
metastatic, spontaneous regression, 128
metastatic, spontaneous regression of subcutaneous and pulmonary metastases (case report), 102
metastatic, treatment with alpha-interferon, 128
nephrectomy in patients with distant metastasis, 600
simultaneous administration of hyperthermia and interferon using tumours heterotransplanted in nude mice, 227
cortical abscess (case report), 646
effect of unilateral vesicoureteric reflux on renal growth and uptake of ^{99m}TcDMSA, 340
failure, piroxicam-induced (case report), 438
horseshoe, communicating renal duplication (case report), 650
hydatid disease, importance of pre-operative diagnosis (case report), 100
intrarenal duplication, 122
leiomyosarcoma, 132
parenchymal malakoplakia (case report), 99
primary osteogenic sarcoma (case report), 101
stones *see* Stones
transplantation
gamma camera renogram in diagnosis of acute tubular necrosis and rejection, 594
testicular seminoma in immunosuppressed recipient (case report), 549
transplanted, percutaneous surgery of (case report), 327
Klinefelter's syndrome in 22 week fetus, testicular and epididymal histology (case report), 214

L

Lactate dehydrogenase (LDH), serum levels in seminoma, 408
Laminectomy, ureteric injury during (case report), 552
Laparoscopy and management of impalpable testes, 313
Lasers, Nd-YAG, in treatment of bladder cancer, 476
Leiomyosarcoma of kidney, immunohistological and ultrastructural findings, with emphasis on growth fraction, 132
Leydig cell tumours of testis, occult, 420
Linitis plastica carcinoma, of urinary bladder, 479
Lithotripsy
extracorporeal shockwave, prophylactic antibiotics in, 449
in treatment of impacted Dormia basket (point of technique), 331
ureter, report of 1000 cases, 243

M

Magnetic resonance imaging, double-surface coil, in staging of bladder tumours, 469
MAGPI operation for distal hypospadias, long-term follow-up, 320
Malakoplakia, renal parenchymal (case report), 99
Meatal advancement and glanuloplasty *see* MAGPI
Meatotomy, ureteric, guided by antegrade insertion of double J splint (point of technique), 106
Microradiography, in examination of cadaver prostates, 508
Mitomycin-C, intravesical instillation, in treatment of bladder carcinoma, recurrence of tumour following, 176
Monoclonal antibodies, CA-50 as tumour marker in transitional bladder carcinoma, 616
Motor cortex stimulation in assessment of central motor pathway to external urethral sphincter, 515
Mucus, urinary, dissolution after cystoplasty, 372

N

Nephrolithotomy, percutaneous, radiation safety during, 591
Nephrostomy, in advanced bilharzial obstructive uropathy, 453
Oestrogen
receptor status in prostate disease, 627
effect on hormone therapy, 627
in treatment of prostatic carcinoma
cardiovascular complications in, 186
dosage, 76
see also specific oestrogens

O

Oman, optical urethrotomy, 639
Orchiectomy, bilateral, as treatment for prostatic carcinoma, 309

P

Paget's disease, extra-mammary, of penis (case report), 103
Papaverine test for impotence, modified (pharmacocavernometry), 539
Pelviureteric obstruction in children, treatment by retrograde ureteroplasty, 141
Penis
angiosarcoma (case report), 440
extra-mammary Paget's disease (case report), 103
frostbite (case report), 549
Kaposi's sarcoma (case report), 645
lymphatic cyst (case report), 329
Peritonitis secondary to ureteric calculus (case report), 437

Peyronie's disease (review), 223
Pharmacocavernometry, 539
Phenol, transvesical injection of pelvic nerve plexuses in females with refractory urge incontinence, 465
Phentolamine, effect on venous return in erection, 95
Phimosis, jogger's (case report), 549
Piroxicam-induced renal failure following relief of chronic retention (case report), 438
Polyoestradiol phosphate (PEP), with and without acetosalicylic acid, in treatment of prostatic cancer, 512
Porphyria cutanea tarda, fosfestrol-induced (case report), 648
Prepuce, injury, 535
Priapism
  circannual rhythmicity in North-Western India, 317
  treatment (case report), 105
Prostate
  adrenoreceptors, characterisation using pharmacology receptor binding and localisation, 487
  cancer/carcinoma
    androgen and oestrogen receptor status in prostate disease, 627
    change in glyconjugate for *Ulex europus* binding sites on prostatic epithelium, 183
    cost of bilateral orchiectomy as treatment for, 309
    hormone therapy, addition of glutethimide and hydrocortisone after relapse of disease, 634
    hormone therapy, androgen and oestrogen receptor status and, 627
    metastatic, chylothorax due to (case report), 325
    oestrogen treatment, 76, 186
    prostatectomy, importance of grade or stage in determining outcome, 301
    radiotherapy, retrospective study, 191
    salivary testosterone in, 306
    ^{99m}Tc-nancolloid bone marrow scintigrphy in, 497
    treatment, comparison of high dose polyoestradiol phosphate and orchiectomy, 512
  comparative histopathology, microradiography and per-rectal ultrasonography in cadavers, 508
  transurethral resection, urethral strictures following, role of catheter, 397
Prostatectomy, videoprostatectomy, 624
Prostatitis, long-term antibiotic treatment, effect on bacterial flora, 503
Protein intake, effect on oxalate excretion in idiopathic calcium stone disease, 348
Proteinuria assessment
  choice of urine sample, 209
  dipstick in, 202
Pyelocystostomy along with renal autotransplantation, renal function after, 233
Pyelolymphatic fistula, chyluria and (case report), 550
Pyelonephritis, emphysematous, diagnosis by ultrasound (case report), 213

R

Radiation safety during percutaneous nephrolithotomy, 591
Radiography, in examination of cadaver prostates, 508
Radionuclide imaging of ureteric peristalsis, 144
Reflex latencies, sacral *see* Sacral reflex latencies
Renal pelvis
  calcification of hematoma in (case report), 98
  transitional cell carcinoma, 135
Renal tubular acidosis, screening renal stone formers for, 581
Renal tubular necrosis in transplant patients, renography in differential diagnosis, 594
Renography, gamma camera, in differential diagnosis of acute tubular necrosis and rejection in early post-transplant period, 594
Retrograde contamination guard (RCG), evaluation of, 384
Retroperitoneal node dissection after chemotherapy for testicular tumours, 641
Retrovesical fistula (case report), 440
Rhabdoid tumours of spermatic cord (case report), 439
Rhabdomyosarcoma, genitourinary (review), 109

S

Sacral reflex latencies, relation to bladder function after spinal cord injury, 24
Saliva, testosterone in, in prostatic carcinoma, 306
Sarcoma
  angiosarcoma of penis (case report), 440
  Kaposi's, of penis (case report), 645
  leiomyosarcoma of kidney, 132
  primary osteogenic, of kidney (case report), 101
  rhabdomyosarcoma (review), 109
Scrotum
  acute, tickbite and (case report), 437
  carcinoma, coal tar ointment and (case report), 211
  routine ultrasonography, 416
Seminoma
  serum lactate dehydrogenase and human choriogonadotrophin in, 408
  testicular, in immunosuppressed renal transplant recipient (case report), 549
Spermatic cord, rhabdoid tumours of (case report), 439
Spermatozoa, ATPase enzyme activity in oligoasthenozoospermic males, effect of spermine, spermidine and kallikrein, 84
Spermidine, effect on ATPase enzyme activity of spermatozoa in males with oligoasthenozoospermia, 84
Spermine, effect on ATPase enzyme activity of spermatozoa in males with oligoasthenozoospermia, 84
Sphincter, artificial urinary *see* Artificial urinary sphincter
Spina bifida occulta, urine retention and, 16
Spinal cord injury, bladder function following, relationship of conus reflexes to, 24
Stamey bladder neck suspension
  assessment of results, 21
  modified, 21
  prospective study of 40 patients, 162
Stents, ureteric
  case report, 644
  use of cobra stent for insertion of ureteric stent (point of technique), 652
Stones
  calcium oxalate
    effect of animal and vegetable protein intake on oxalate excretion, 348
    effect of glycosaminoglycans on formation of, 584
  disappearance after withdrawal of acetazolamide treatment (case report), 329
  formation, urinary detergent in prevention of (review), 561
  haematoma calcification in renal pelvis (case report), 98
  kidney
    diet and, 575
    radiation safety during nephrolithotomy, 591
    screening stone formers for distal renal tubular acidosis, 581
  lithotripsy for impacted Dormia basket (point of technique), 331

Stones (*continued*)
ureter
peritonitis secondary to (case report), 437
self-displacement of ureter containing a stone, 551

T

Tar, coal *see* Coal tar
^{99m}Tc-nancolloid bone marrow scintigraphy in prostatic cancer, 497
^{99m}TcDimercaptosuccinic acid (DMSA), effect of unilateral vesicoureteric reflux on renal uptake, 340
Teratoma, reversal by combination chemotherapy of duodenal obstruction due to metastatic teratoma (case report), 442

M. W. Jones 438

Piroxicam-induced Renal Failure following Relief of Chronic Retention
M. Loeffler, G. Hanson and T. Philp 438

Rhabdoid Tumours of the Spermatic Cord
Y. Kawanishi, S. N. Tamura, K. Akiyama, M. Akiyama, T. Tanaka, A. Numata, M. Yuasa and A. Imagawa 439

An Unusual Case of Rectovesical Fistula
S. G. Pollard, R. MacFarlane, P. T. Doyle and W. G. Everett 440

Angiosarcoma of the Penis
S. A. Rasbridge and J. R. W. Parry 440

Reversal of Duodenal Obstruction due to Metastatic Teratoma by Combination Chemotherapy
Kathryn A. Mannix, A. Makris and B. M. J. Cantwell 442

Haemangiopericytoma of the Bladder
R. Sutton, I. P. Hopper and K. W. Munson 548

Jogger's Phymosis
U. Myhre, P. N. Goode and I. A. Miller 549

Testicular Seminoma in an Immunosuppressed Renal Transplant Recipient
K.-P. Dieckmann, W. Düe and G. Offermann 549

Congenital Pyelolymphatic Fistula in a Child with Chyluria
J. D. Greig, J. R. MacKenzie and A. A. F. Azmy 550

Self-displacement of a Ureter containing a Stone
F. Di Tonno, L. Laurini, D. Lavelli and R. Zennari 551

Bilateral Testicular Metastases of Pulmonary Small Cell Carcinoma: a Rare Incidental Finding following Orchiectomy for Prostatic Carcinoma
A. Stein, Y. Sova, M. Lurie and A. Lurie 552

Ureteric Injury during Laminectomy for a Prolapsed Disc
A. Bec 552

Triorchidism with Torsion
D. S. Crawford and J. R. G. Bastable 553

Emphysematous Cystitis
R. Yasumoto, M. Asakawa and N. Nishisaka 644

Ureteric Stents Caveat
J. R. Rhind 644

Kaposi's Sarcoma of the Penis
T. Zambolin, C. Simeone, C. Baronchelli and S. Cosciani Cunico 645

Renal Cortical Abscess
J. P. MacDermott and B. K. Gray 646

Spontaneous Perforation of Squamous Cell Bladder Carcinoma Associated with Hypercalcaemia
R. Wujanto, R. Brough and P. H. O'Reilly 647

Fosfestrol-induced Porhyria Cutanea Tarda
I. H. Coulson and K. Misch 648

Adenocarcinoma in a Substitution Caecocystoplasty
C. Kadow, N. D. Heaton, T. Paes, A. J. Yates–Bell and D. A. Packham 649

Communicating Renal Duplication of Horseshoe Kidney
A. A. Mohsen and A. F. Azmy 650

Points of Technique

Ureteric Meatotomy Guided by Antegrade Insection of as Double J. Splint
G. Cooksey, A. M. Deane, A. Thomas and M. Handley Ashken 106

Elevation of the Vagina during Colposuspension: the Use of a Deaver Retractor
B. T. Haylen, M. I. Frazer, D. Golovsky and R. J. F. McInerney 220

Lithotripsy—a New Treatment for the Impacted Dormia Basket
R. S. Cole, T. G. Liston and R. C. Tiptaft 331

Suprapubic Catheterisation
W. T. Lawrence, P. H. McQuilkin and D. Mann 443

Treatment of Urethrovaginal Fistula
J. Krogh, L. Kay and A. Hjortrup 555

Urethral Salvage Following Erosion of an Artificial Sphincter Cuff in Female Patients
G. Gillon, H. A. P. Boucaut and A. R. Mundy 556

Use of the Cobra Stent for Insertion of a Ureteric Stent
P. Puppo 652
